

FEEL THE WARMTH THIS WINTER

We understand the importance of warmth and connection, especially during the colder months.

If you or your loved one don't want to spend the winter at home, consider staying at our residence. Stay in a private suite and experience what inspired senior living is really like, from chef-prepared meals to meaningful life enrichment programs and social events. Experience the warmth and joy, and know that your safety, comfort and well-being will always be our top priority.

It's all here for you.

To schedule your private tour, call (905) 738-0905.
