Imagine your day at Stouffville Creek

Start your morning in your private suite with no chores or home maintenance to worry about. Enjoy a fresh cup of coffee and breakfast in the comfort of your suite or in our breakfast room while catching up with friendly neighbours.

After breakfast, the day is yours to enjoy. Join a guided fitness class, take a stroll, or relax with a book in our lounge or library. If you are feeling creative, take part in an art activity, card game, or one of many social programs happening throughout the day.

At lunchtime, gather with friends in our dining room for a freshly prepared meal and good conversation. The afternoon might include a movie, music, games, or simply spending time with family who have come to visit. If you prefer a quieter pace, you can always relax in your suite or enjoy the peaceful surroundings.

As evening arrives, dinner brings everyone together again. Afterward, social time with friends, or a relaxing evening knowing that everything you need is taken care of.

At Stouffville Creek, everyday life becomes easier, more social, more enjoyable, with the comfort of knowing support is available if you ever need it.

Have Questions About Moving? You're Not Alone

Here are a few common questions we hear and the answers that help seniors feel confident about the move.

Q. Will I lose my independence?

A. You actually gain independence! With meals, housekeeping, and support taken care of, you no longer need to rely on family, neighbours, or friends for daily tasks. Your time is truly your own.

Q. Why shouldn't I wait until I really need retirement living?

A. Moving sooner allows you to enjoy life to the fullest. More social activities, more freedom, and more comfort, all while you're active and healthy.

Q. How do I handle the move and downsizing? It feels overwhelming.

A. We guide you every step of the way and can recommend trusted movers and downsizers, making the transition smooth and stress-free.

Q. Will I feel lonely and out of place?

A. Not at all. Our welcoming community, social clubs, and activities make it easy to make new friends and stay connected.

Q. What if my health needs change in the future?

A. We've got you covered. Care is available when you need it – from independent living to independent supportive living and assisted living
