

***DO YOU HAVE GLASSES YOU DON'T WEAR/NEED ANYMORE?  
DONATE THEM HERE!***

Hello! My name is **Courtney Wilcox**, and I am **Richard Wilcox's** granddaughter. I am currently studying at the University of Waterloo to **become an optometrist** (eye doctor) and will be graduating in 2021.

Every year, students, including myself, travel to small villages across the world (Peru, Haiti, Nicaragua, Ecuador, etc) to **provide eye exams and eye care services** to those in need. We take **gently used glasses of all styles & prescriptions**, and we would love to get your old pairs of glasses off of your hands.

Any donation is appreciated!

😊😊 **THANK YOU** 😊😊
